

Amazon Product Reviews EDA

By: Kholod Alshehri

Outline

Backstory

Most of the sellers in amazon are using digital marketing to market for their products , they are facing a lot of problems because they do not know more about the customers and does the ratings are being affected by price , is there is any relation between the manufacture and high ratings

Dataset

I am using Kaggle dataset

Rows

Columns

Tools

Python

Jupyter Notebook

Numpy

Panda

Matplotlib

Data Cleaning
